

Dear Parent/Guardian,

As you know we have a house system in school. Every child from Primary 1 -7 is part of that.

We work hard as House Captains and Vice-Captains throughout the year counting house points each week and organising competitions.

We wanted to start off with a competition that was suitable for all children in our school and we came up with a ***Harvest Art Competition.***

We want to your child to be creative and make ***fruit and veg animals.***

We have included some of our favourites but there are lots more ideas on sites like Pinterest.

Your child is to make their animal at home and they must bring it into school by ***Thursday 25<sup>th</sup> October*** so that we can judge them.

If your child enters they will get ***20 points*** for their house!

The winner in each year group will get ***100 points***

2<sup>nd</sup> place will get ***75 points***

3<sup>rd</sup> place will get ***50 points.***

We hope both you and your children enjoy this challenge.

From

House Captains and Vice-Captains
